

The **Gettysburg** F.O.E. #1562, **Eagle Riders** Group is hosting a *Roll and Rock for Autism* benefit for the Adams County Youth Advocate Programs, Inc. (YAP) ASSET program. The event will take place on May 12, 2018 starting, with a Motorcycle Ride, at 9:30 a.m. at the Gettysburg Fraternal Order of Eagles and ends at 8 p.m. at the Gettysburg Moose Park, Gettysburg, PA.

ASSET stands for Autism and Developmental Disabilities Services, Supports, Education and Training. We believe the name not only describes our work, but it also promotes a quintessential aspect of our approach to supporting individuals with developmental disabilities: **The way we think about and define the people we serve defines us.**

The ASSET mission is to empower individuals who have intellectual and developmental disabilities with the opportunities and skills to develop independence, contribute to society and be valued assets to their communities.

The Eagle Riders' motto is "*People Helping People*". We appreciate any help that you can give us in support of the ASSET program. Your donation, to our event, is tax deductible. More importantly, it supports an event to raise money to help YAP continue to help children and adults with autism reach their full potential. **All monies raised, from our AUTISM event, will stay right here in Adams County and go towards the YAP's AUTISM services.** It may even help to benefit someone you know like your neighbor, a co-worker or even a family member.

Please make your donation* in support of autism!

Youth Advocate Programs, Inc. is a non-profit organization committed to keeping children and adults out of institutions, whether in the form of psychiatric hospitals, residential or group homes, detention or juvenile correctional facilities. The official registration and financial information of Youth Advocate Programs, Inc. may be obtained from the Pennsylvania Department of State by calling toll-free, within Pennsylvania, 1-800-732-0999. Registration does not imply endorsement. YAP builds community capacity for our nation's most vulnerable youth and families and believe that removing children from their homes shatters families, is harmful to young people, costly and inefficient. Deinstitutionalization is addressed through direct service provision; by supporting adults, youth and families to become self-advocates, and through influencing public policy informed by our direct services and the voices of the people we serve. The YAP difference is not just in **WHAT** we do but in **HOW** we do it, strengthening communities "One Biography at a time!"
